IS ISSUED FOLLOWING REPORT OF TROUBLE AT R.R. SHOPS IN DECATUR

Two Troops of Cavalry and Five Companies of Infantry Are Ordered to Assemble at Armories—Strikers Disarm Guards at Shops and Beat Them—Sheriff in Charge

(By The Associated Press)
SPRINGFIELD, Ill., July 6.—Following reports from Decatur that an outbreak threatens as the result of the Wabash shopmen's strike, Adjutant General Carlos E. Black ordered two troops of cavalry and five companies of infantry to assemble at their armories prepared to move at a moment's notice.

The units ordered to mobilize are: Troop D, Springfield, and Troop B, Urbana, 106th cavalry; headquarters company, 130th infantry, Decatur; Company A, Decatur; B., Danville; C., Champaign; H., Delavan, all of the 170th infantry, Colonel L. L. Culbertson of Delavan commanding.

The order to mobilize was issued as a precautionary measure, General Black declared.

FIRE IN SUBWAY IMPERILS LIVES OF PASSENGERS

500 Men, Women and Children Trapped 75 Feet Under Ground

(By The Associated Press)
NEW YORK, July 6.—Trapped in a dark subway tunnel, 75 feet below the street and reeking with gas fumes and smoke, nearly 500 men, women and children passengers on an east side train of the Interborough Rapid Transit company today were converted into a frenzied, shrieking mob, almost a third of whose members were overcome before they could fight their way to safety.

Three probably will die, Police officials said. It was a miracle many were not trampled to death.

A worse spot for such an accident scarcely could have been picked than Lexington avenue, at sixtieth street, where the train came to its sudden halt. There is no express station between Grand Central terminal at Forty Second street and 86th street.

The express tracks are three tiers down—beneath the local tube of the I. R. T. and the cross town tunnel of the Brooklyn Rapid Transit company and the only exits were narrow little spiral stairways at Fifty Third, Fifty Eighth and Sixty Third streets.

These were jammed with fugitives from the scene below.

A little fire extinguisher, whose contents were turned on a little blaze in a motorman's control box was held responsible for the clouds of poisonous fumes and smoke sent swirling through the tunnel by police and fire officials.

More than three scores of those overcome were in serious condition as to require hospital treatment while the number treated on the streets and in emergency hospitals set up at the scene was placed at about 100.

A ten car express, heavily loaded was crawling along when passengers in the third coach were startled by an explosion which blew open the door of the drivers' compartment. A short circuit had occurred.

Patrolman Fred Norman seized a fire extinguisher and rushed to the compartment and shot the contents of the extinguisher on the flames, which were eating the insulation from the control box wires. He declared the extinguisher served only to spread the flames and in a moment the entire tunnel was choked with smoke and fumes.

Officer Shows Heroism.

Patrolman Norman seized a woman who had been overcome, clambered down into the darkness of the tunnel and commanded other passengers to follow his example. Groping with his burden to Fifty Ninth street, he led the refugees up a long, winding stairway to the street.

Then he sent in alarms which brought all available fire apparatus, ambulances and police reserves and plunged back to rescue more victims. He worked until he dropped and was sent home in Mayor Hylan's limousine.

RAILROAD LABOR BOARD PREVENTS ANOTHER WALKOUT

Strike of 12,000 Signal Men Was Prevented Thursday

(By The Associated Press)
CHICAGO, July 6.—A threatened extension of the strike of railway shopmen to include 12,000 signal men was prevented today by members of the railroad labor board when D. W. Helt, head of the Brotherhood of Railroad Signal Men which has been taking a strike vote, promised to maintain the status quo pending further conferences.

It was the second time that intervention of board members has averted an extension of the walk-out, a threatened strike of maintenance of way men having been prevented Tuesday thru the efforts of Chairman Hooper and W. L. McMenimen, labor member.

Meanwhile railway circles expressed strong hopes of a quick settlement of the shopmen's strike. B. M. Jewell, head of the railway employees department of the American Federation of Labor, who is directing the shopmen's strike, today reiterated former statements that the shopmen were willing to consider a settlement proposition submitted by any authoritative body.

"If any one has a proposition for settlement up his sleeve, let him shake it out," Mr. Jewell said. "We are ready to consider any reasonable proposition submitted by any authoritative body."

The situation is improving so far as the strike is concerned, Mr. Jewell said, asserting that he had received reports from several points that "what few men that did remain at work last Saturday and Monday joined the walkout Tuesday."

Women Are Picketing.

Mr. Jewell said he had received a telegram from J. F. Valentine, of Cincinnati, head of the International Moulders' Union authorizing a walkout of 2,500 moulders employed on railroads.

He also exhibited telegrams from heads of the ladies auxiliaries of the shopmen's organizations in which it was stated that the women were doing picket duty.

Mr. Jewell did not reply today to the letter of Chairman Hooper, which was considered conciliatory in some quarters, but said he expected to make reply after studying it closely.

While maintaining that the strike was "practically 100 per cent," Mr. Jewell admitted that he had no actual figures. He explained that it was almost impossible to obtain and compile them before another week.

The sixth day of the strike was marked by little violence except for a few sporadic outbreaks in widely scattered sections. The railroads maintained that men were returning to work but some trains and readjusted schedules. The union officials maintained that the ranks remained unbroken.

E. H. Fitzgerald, president of the Brotherhood of Railroad Clerks, Steamship Clerks, Freight Handlers and Express Employees; Mr. Helt, Timothy Healy of the International Brotherhood of Stationary Firemen and Oilers and E. J. Manion, head of the Railroad Telegraphers called on Mr. Jewell tonight.

Mr. Manion said they called on Mr. Jewell to offer "felicitations" on the organizations they represented to the shopmen and to "extend any possible aid." He added such aid would take the form of moral support and that the men of the various unions would not do any work regularly performed by the shopmen.

President Lin said that, as a result of the assurances of support which he had received from the southern legislature, he would summon parliament to meet at the earliest date on which a quorum would be possible, when the first business would be the selection of a president. He declared that he was holding office only provisionally and that he was ready to retire in favor of any other leader chosen by parliament.

He said he was willing to step down in favor of Wu Pei Fu. It is contended that Wu is the logical leader to consummate the re-unification of the country and it is generally asserted that he will be nominated.

PEORIA, Ill., July 6.—Granting of a petition by the respondent for more time to complete statistics of the Peoria Union Stock Yards business, this afternoon caused the 25th of the livestock yardage charge case brought by Peoria traders against the stock yards company.

The hearing as held before G. N. Dagher, head of the rates and charges division of the packers and stock yards administration. Approximately 15 local traders with commission men are involved in the case which is based on alleged exorbitant yardage charges under the December 1, 1921 tariff regulations. The plaintiffs contended the company's charges for weighing, reweighing and handling of cattle is too high.

Condensed Telegraph News (By The Associated Press)

LINCOLN, Neb., July 6.—Six employees of the Fairmont Creamery Co., at Crete, near here, were seriously burned today by steam when the fitting of a pipe burst and filled with steam a room in which they were working.

DECATUR, Ill., July 6.—Mayor C. M. Borchers today instructed the corporation counsel to draw an ordinance barring the sale and shooting of all fireworks in Decatur. This action follows the death of a little girl from burning Fourth of July, when her dress was set on fire while holding fireworks.

DE KALB, Ill., July 6.—Dr. J. M. Everett, aged 69, third oldest medical practitioner in DeKalb county, and an expert on tuberculosis treatment, died at 8:15 o'clock this morning. Dropsy of the lungs with which he was attacked suddenly at 11 o'clock last night, caused his death.

DECATUR, Ill., July 6.—One hundred and fifty maintenance of way men employed in the Wabash shops here went on strike last night. The strike is purely local. Among the reasons given is that the head officers should have called a strike and had not authority to negotiate with the labor board after the strike vote was taken.

WASHINGTON, July 6.—M. P. Kinkaid, member of the house of representatives from the Sixth Nebraska district died here today. The death of the Nebraska congressman resulted from a complication of diseases from which he had been ill since early in May. Funeral services will be held at O'Neil, Neb., his home.

MARION, O., July 6.—President Harding left Marion at 10:30 a. m., today for Columbus on the first lap of his journey to Washington after spending nearly three days among home folks and attending the centennial celebration of his home town.

GENERAL WU PEI FU BEING BOOMED FOR CHINESE PRESIDENT

Adherents Say That Country Needs Strong Man at This Time

(By The Associated Press)
PEKING, July 6.—A movement has been started to elect General Wu Pei Fu president of China. General Wu, the outstanding military figure of the north, declares he would not accept the office. Advocates of the plan declare China needs a strong man at the helm and that General Wu is that man.

President Li Yuan-Hung announced today that he had received assurances from the majority of Cantonese members of the old Republican parliament that they had withdrawn their support from Sun Yat-Sen and had decided to assist the Peking government.

Confidence is established in Peking circles that with the overthrow of Sun Yat-Sen in the south, the ousting of Hsu Chang from the presidency and the definite defeat of Chang Tso-Lin, in all of which Wu Pei Fu's was the guiding spirit, the principal obstacles to the union of the north and south have been eliminated.

Interest is centering in the forthcoming reconvening of the old Republican parliament which would lack only a total of forty members of the quorum necessary to make it a legal legislative body.

President Lin said that, as a result of the assurances of support which he had received from the southern legislature, he would summon parliament to meet at the earliest date on which a quorum would be possible, when the first business would be the selection of a president. He declared that he was holding office only provisionally and that he was ready to retire in favor of any other leader chosen by parliament.

CLOTURE MOTION ON TARIFF BILL SURE OF DEFEAT

Republicans Concede Cannot Get the Required Majority

(By The Associated Press)
WASHINGTON, July 6.—Defeat of the Republican motion for cloture on the administration tariff bill appeared to be virtually certain tonight on the eve of the vote on the issue, set for noon tomorrow.

Democratic leaders claimed, and Republican leaders conceded, that it would not be possible to obtain for the motion the two thirds majority necessary to invoke the existing rule, which would limit debate on the bill and its amendments to one hour for each senator. Leaders on both sides were hopeful that there would be a unanimous consent agreement for the limiting of debate, at least on the less important items in the measure. Negotiations looking to such an agreement are under way.

If the cloture move fails, consideration of the tariff will go steadily ahead.

The bill received little consideration today, practically the entire session being devoted to discussion of the cloture rule.

Debate on the cloture was enlivened by charges of Senator Harrison, Democrat, Mississippi, that Senator Smoot, of Utah, ranking Republican on the finance committee, had written to Major General Crowder, the American government representative in Cuba, with a view to inducing the Cuban sugar planters to restrict their production of sugar to 2,500,000 tons a year in return for less duty on sugar than would be imposed unless some such agreement was reached.

Senator Smoot denied that there was any effort to "put over any deal." He promised that he would read the letter to the senate when the sugar schedule was taken up and added that when the country found out how the sugar refiners and the New York bankers who had advanced money to Cuban sugar promoters had sought to injure the American sugar industry there would be an entirely different sentiment in the senate and in the country toward the domestic industry.

Opposition to the cloture move was voiced from the Republican as well as the Democratic side of the chamber. Senator Borah, Republican, Idaho, declared there should be no particular haste in passing the tariff bill when it was considered that there faced the congress a program of "subsidies, gratuities and bonuses" which, he asserted, would add billions of dollars to the burdens now being borne by the country. He referred especially to the soldiers' bonus and the ship subsidy bills.

IOWA GOVERNOR IS ASKED FOR TROOPS

(By The Associated Press)
DES MOINES, Iowa, July 6.—Delegations of Burlington and Ottumwa citizens who called on Governor Kendall today for protection by troops from rail strike sympathizers, were told the state would not call out troops until it became evident that local officials could not control the situation.

The governor assured his visitors that if it became necessary the state would act, but he felt confident that local officials were capable of handling the situation.

In answer to a telegram from Sheriff Groneweg at Council Bluffs, the governor said should the necessity arise, state troops would be called. The sheriff reported that he and 12 deputies had failed to disperse a mob of 500 persons.

INDUCE NON-UNION MEN TO QUIT THEIR JOBS

(By The Associated Press)
WHAT CHEER, Iowa, July 6.—Forty automobiles decorated with flags and filled with striking miners from the Buxton, Iowa, district came here today and persuaded fifty men in the three non-union mines to join in the strike.

The meeting of the striking and non-union miners was a friendly one, each laughing at the others jokes and quips.

The mines have been supplying coal to a local day products company, the electric light plant and the telephone company. It will be necessary for the former to close at once, but the two public utilities will be able to obtain enough coal elsewhere to continue their plants in operation.

PRESIDENT HARDING MAKES VIGOROUS PLEA FOR PARTY HARMONY

President Says That He Does Not Like to be a "Soloist" But That Some One Must Act as Director—Likens Party to Bassos and Tenors in Glee Club Singing Out of Tune

(By The Associated Press)
COLUMBUS, Ohio, July 6.—President Harding in an address tonight made a vigorous appeal for harmony in the ranks of the Republican party. Too many who profess to be Republicans, he declared, are attempting to "attract attention to themselves" instead of working for the good of their party and country.

The president said he did not care to be a "soloist," but added that some one had to act as director, otherwise there would be no harmony. He spoke at an open air banquet which celebrated the fiftieth anniversary of the Columbus Republican Glee Club, of which he tonight was made a life member.

Prefacing his remarks with the observation that a glee club would never sing in harmony if the tenors insisted on receiving special attention because they were tenors, and the basses did likewise, Mr. Harding declared it would be impossible to preserve party harmony if individuals and groups in the party took the same "slant on things."

Several hundred Republicans heard the President's address. He reminded them that the party is sponsor for the government today, and added that "we would be better off if all who wear the badge" were Republicans at heart.

"You seldom stop to think of the inheritance of the present administration," declared the executive adding that he meant to take no "fling at what went before."

"But there was a saturnalia of expenditure," he continued, "with some nations spending to bankruptcy and the United States to madness. Out of that great upheaval must come a readjustment, but it seems as if no one wants a readjustment for himself, although he is eager to have it for others."

The President was loudly applauded when he referred to the accomplishments of the administration. He declared he could say with satisfaction that the United States had played a splendid part in bringing the world back to order.

"This nation," he added, "has helped to establish a brotherhood of nations and we ought to bring the spirit of that brotherhood a little more to the front in the United States."

AFTER MANY YEARS FIND IT'S MISTAKE

(By The Associated Press)
CHICAGO, July 6.—It took James Henry and his former wife Mrs. Mary Henry, nearly 26 years to realize that their divorce that many years ago was all a mistake.

But today, Henry who is now 63 took out a second marriage license to wed his former wife, who is 55.

"This time it's final" he declared. "It took us a long time to find out, but we've realized it was all wrong. She is ill now, and needs me too."

The couple were first married in 1886. Ten years later Henry obtained a divorce. They had two small children then.

GOVERNMENT OF IRELAND CALLS FOR VOLUNTEERS

Call Meets With Great Response from Citizens

(By The Associated Press)
DUBLIN, July 6.—There was a great response today to the provisional government's call to arms and at the Wellington, Portobello and Beggar's Bush barracks, as well as at the city hall, long lines stood waiting to join. The men are being segregated into their own areas.

Besides members of the volunteers offering themselves, there were large numbers of ordinary citizens for recruitment in the volunteer forces as preliminary to transfer to the actual service list.

Great crowds visited the scenes of the fighting, but a cordon was drawn to prevent approach to the buildings, only the shells of which are standing are in danger of falling at any moment.

From the ruins from time to time an explosion is heard—this caused by ammunition abandoned by the insurgents. The firemen's efforts prevented the fire from destroying the Sackville street club and the Nelson pillar, but some new buildings in the unburned part of the street bear many bullet marks.

The banks re-opened today and the stock exchange will open again on Monday. Live steamers for England will leave tonight with almost normal cargoes.

There is still no definite news of Eamon De Valera. The Evening Telegraph says it was freely rumored in Bray, a suburb of Dublin, last night, that De Valera has been wounded; credence was given by the fact that Father Dominic, chaplain of the Republican guard, passed thru the military lines in Bray Tuesday in a motor car flying the Red Cross flag. Father Dominic is reported to have visited De Valera's house at Greystones.

The same paper says that reports from the provinces show that over the greater part of the 26 county area complete calm prevails, although here and there some fighting has occurred, but nothing comparable to the magnitude of the struggle in Dublin.

Nearly a thousand free state troops today rounded up irregulars in the south Dublin hills, capturing 30 and a quantity of motor transport and equipment.

It is officially announced that the rebels at Curraghmore, Navan, have surrendered, 23 prisoners being taken. Fourteen irregulars were captured today at Maynooth with field arms.

ST. LOUIS, July 6.—The resignation of J. C. Jones, president of the University of Missouri was accepted by the board of Curators today. The resignation is effective at the close of the school year next April.

A party of Chicago aldermen will soon go to Europe to make an extensive study of street paving and road building. With all the investigations that have been made in the last twenty-five years on these subjects, certainly there should be data on file somewhere to show what has been the experience of the old world countries.

But then, it will be much pleasanter seeking out this information at first hand rather

than studying it out from dry statistical files.

It is said that today there are 8,700,000 men under arms in the old world. When it is remembered that Germany at the peak had 3,700,000 it is easy to comprehend that European countries are still carrying tremendous military burdens. There can be no rapid economic recovery until a time of sufficient confidence comes to warrant the nations in reducing their armed protection.

Someone in commenting on Mr. Jewell and the railway shopmen's action, said that the strike is a side track method and that a side track leads nowhere. The courts have held that men have a right to strike but that method frequently fails to get the best results. Fortunately there are indications that Mr. Jewell and his associates may soon get into at least partial harmony with the railroad board.

Auto travel in the northern part of the state can be sensed from the fact that 6,960 cars passed thru Zion City one day recently between the hours of 5 a. m., and midnight. Someone with plenty of time could compile some very interesting information about Jacksonville if a record were kept on passing cars at one of the busiest corners in this city for the period of a day. The figures would be surprising.

DEFEAT ANTI-GAMBLING BILL IN LOUISIANA

(By The Associated Press)
BATON ROUGE, La., July 6.—After one of the most bitterly fought legislative struggles in the history of the Louisiana legislature, the Butler anti-gambling bill which would have prohibited betting on horse races, and practically sounded the death knell to the sport in Louisiana was defeated in the house today by a vote of 50 to 51.

The bill which passed the senate several weeks ago came up for action in the house on the last day of the biennial session of the legislature. It had been put thru the lower branch in an amended form but the amendment was declared unconstitutional by the legislative bureau and it was returned to the house.

OVERSEAS AVIATOR IS KILLED THURSDAY

(By The Associated Press)
DETROIT, Mich., July 6.—Captain George C. Tinsley, of the army aviation corps, and an overseas veteran, was killed at Selfridge Field, near here today when his plane crashed from a height of 150 feet and burst into flames.

Witnesses said Captain Tinsley had turned sharply when the motor went dead, and the plane dropped.

Physicians expressed the opinion he had been killed instantly or made unconscious by the fall and suffered very little.

Captain Tinsley was a member of the First pursuit group of the army air service which reached Selfridge Field last week from Ellington Field, Houston, Texas.

He was 26 years of age and brother officers said he made a notable record in the world war.

MISSIONARY SOCIETY MEETS AT WOODSON

Christian Church Society Met Thursday Afternoon at Church—Other News Items of Interest from Woodson.

WOODSON, July 6.—The regular session of the Missionary society of the Christian church was held Thursday afternoon at the church. There was not a large attendance as many of the members live in the country and this is a busy season for them. The subject of the afternoon was "Applied Christianity, or The Missionary at Work," and Mrs. L. T. Fisher was the leader. "Japan the country and its people," was the subject of a very interesting paper presented by Mrs. Fisher, and there was another splendid paper on "A Nation at School and at Worship" by Miss Helen Rolson.

The Scripture lesson was explained by Rev. I. H. Fuller. A solo, "Pass It On" by Mrs. Harry Smith was a pleasing feature of the program. The election of officers was held, resulting in the re-election of the following: President—Mrs. L. T. Fisher. Vice president—Mrs. Juanita Harney.

Secretary—Mrs. R. R. Jones. Treasurer—Mrs. Nettie Ezard. At the close of the missionary meeting the Ladies Aid held a business session, when plans were completed for the burgoon supper to be held July 10. It was voted to have the Woodson band furnish music on that occasion.

News Notes
Mr. and Mrs. Charles Kehl and family of Mexico, Mo., arrived Tuesday for a visit with relatives returning to their home Thursday morning. They made the trip by automobile.

Mrs. Leslie Dodsworth of the Durbin neighborhood and Mrs. Bess Kimber of Ft. Worth, Tex., spent yesterday afternoon with their brother, Jack Rolson and family.

S. W. Nichols of Jacksonville was a Woodson visitor Tuesday, calling on a number of his friends during the day.

AID SOCIETIES OF LITERBERRY MEET

Christian and Baptist Church Aid Societies Held Meetings Thursday Afternoon.

LITERBERRY, July 6.—The regular meeting of the Ladies Aid society of the Christian church was held Thursday afternoon at the home of Mrs. Fred Henderson. The attendance was quite large, a number of guests being among those present. The president, Mrs. Frank Ogle, presided during the business session and also had charge of the devotional service. At the close of the business session the following program was carried out:

Piano solo—Lillian Bateman. Instrumental duet—Lillian Bateman and Dorothy Ogle. Reading—Mabel Henderson. Vocal solo—Irene Ogle. "A Visitor from Coon Town"—Irene Ogle. Instrumental solo—Dorothy Ogle.

At the business meeting plans were discussed for the all day meeting which will be held at the church Sunday, July 16. At that time Rev. A. T. Browning will deliver his farewell sermon, having accepted a call to the church at Dallas City, Ill. There will be a basket dinner at noon which all are invited to attend. Report was made of the fact that a new lighting system has recently been installed in the church thru the united efforts of the Aid society and the Clio Circle.

During the social hour which came later the hostess served refreshments.

Baptist Aid Meets

Mrs. William Brown was the hostess to members of the Baptist Church Aid society Thursday afternoon. The attendance was large, Mrs. Taylor Berry and Mrs. Jane McFarland being the guests present. Mrs. John Guy, the president, was in charge of the program of the afternoon, the main feature of which was a paper on the Fourth of July by Mrs. D. K. McCarthy. Victrola music was a feature of the program which was much enjoyed.

At the business session plans were made for the annual chicken fry which will be held Wednesday, August 9. Mention was made of the new lights in the church which have recently been installed and paid for by the Aid society.

A social hour and refreshments brought the meeting to a close. The next meeting of the society will be on Thursday, August 3 at the home of Mrs. Fred Virgin near Virginia.

NO G. A. R. THIS AFTERNOON
The announcement that there would be a meeting of Matt Starr past this afternoon was a mistake of the writer. He thought Comrade H. Goheen had forgotten to leave the notice but it was a week ahead of time.

Miss Katherine Hammond of this city left last evening for Hot Springs, Arkansas, where she will spend several months with relatives.

We Give Standard Willard Service on All Batteries

With our experience and equipment we have a notion that we could work out a pretty fair sort of battery service without much help.

—But we also have an idea that it wouldn't measure up to the brand of service developed for our use by the Willard Storage Battery Company.

As Battery Headquarters we have the benefit of their years of experience, and of the definite national standards of service they have been able to develop as a result.

Come in! No matter what make of battery you happen to have it needs the sort of attention provided by the Willard Standard of Service.

FIRE IN SUBWAY IMPERILS LIVES OF PASSENGERS

(Continued from Page One)
save the passengers from possible electrocution. The darkness only added to the panic as the

passengers scrambled for exits, avoiding the third rail. Men, women and children were dropping as the fumes, the smoke and the excitement overcame them. Others of stronger physique and stronger nerves picked them up and dragged them to safety. Police, firemen and volunteers then plunged into the subway and brought out victim after vic-

tim, using the emergency exits and working by ladders through the ventilation grating at Sixty First street. Those least injured were laid out in rows on the side walks to receive first aid, while the graver cases were taken to hospitals. Blame for the seriousness of the accident was laid on the Pyrene Fire Extinguisher by Captain Thomas Rush, of Engine company 39.

Fire Commissioner Brennan later said a preliminary investigation indicated that the "noxious fumes" were caused partly by the burning of insulation and partly by the use of pyrene extinguishers. A formal investigation will be started tomorrow.

An executive of the Pyrene company denied pyrene gave off "deadly" fumes, though he added the extinguisher produced gas, which in a closed place might cause fainting and temporary exhaustion.

POLISH SITUATION IS GROWING MENACE

(By The Associated Press)
CHICAGO, July 6.—Major General George Bell Jr., commanding the sixth corps, declared in a speech today before several hundred advertising men that the Polish situation is the growing menace of another war that will draw in the United States. Hanford MacNider, national commander of the American Legion, another speaker pledged every member of the 11,000 posts of the American Legion to take up arms whenever called upon.

"There never was a time in the history of this country when we needed the services of red blooded Americans more than we do today," General Bell declared. "We are considered the bankers of the world by Genoa and The Hague. They all look to America to help them out in loans of all kinds. At Genoa the Germans and Russians announced an agreement. France and Poland considered that agreement an alliance. An officer high in the army of Germany now is inspecting Russian troops and it was announced today that an army of 350,000 is being mobilized on the border of Poland and Rumania."

"We have scrapped our defenses. Our present enormous public debt is due to unpreparedness, as were many of the deaths in the war. It is like scrapping our police force and imagining we will be safe on the streets."

COURT MARTIAL SENTENCES SET ASIDE

Washington, July 6.—Court martial sentences in the cases of the marines who last December "shot up" Managua, Nicaragua, have in some cases been set aside and in other cases reduced, according to an announcement today by Acting Secretary Roosevelt of the Navy department on his review of the general court martial records. The three who led the affray with natives and police, have had their sentences, aggregating 40, 38 and 35 years respectively, reduced to 20 years from March 6, last. These men were Corporals Orie A. Russell, Will B. Amthor and William T. Bennett.

VOTE OF CONFIDENCE FOR PREMIER POINCARE

PARIS, July 6.—Premier Poincare tonight received the support of the chamber of deputies by a vote of 522 to 65. This expression of confidence in the government was given after the close of the debate on the question of "responsibilities for the war," initiated by the communists.

The government selected from the various motions one which expressed the chamber's intense contempt "for the calumnious campaign organized for Germany's profit to escape the responsibilities for the war, despite the evidence of facts and the avowals contained in the signed treaty of Versailles and confirmed by the Reichstag."

This was carried by a majority of 467.

REVOLUTIONISTS ARE PUT TO ROUT

Rio Janeiro, July 6.—Announcement is made by the government that the last resistance of the insurgents in Fortress Copacabana ceased this afternoon, federal forces entering the fort a few minutes later.

The revolt, says the government, has been stamped out. The afternoon newspapers declare that after a short bombardment of Copacabana by warships the fortress surrendered and Captain Encydes Fonseca, leader of the revolt, was made prisoner.

ASKS COOPERATION IN PEDAGOGIC PICTURES

Boston, July 6.—The co-operation of the motion picture producers with the National Educational association in finding a way to make pedagogic pictures, "which are scientifically, psychologically sound," was offered by Will H. WILL MAKE REPORT ON SLATER SITUATION

(By The Associated Press)
St. ER. Mo., July 6.—Adjutant General William Raupp of Missouri spent two hours here tonight and then left for Jefferson City. There he will report to Governor Hyde and make recommendations as to the handling of the local situation, where striking shopmen have closed down the Chicago & Alton shops and have been in virtual control of the town for the last 36 hours.

General Raupp declined to announce what his recommendations would include but said that he had talked to Sheriff John Logsdon in Marshall and that the sheriff had stated to him that he, the sheriff, was unable to control the local situation and was not inclined to appoint special deputies.

Seventy five per cent of the population of Slater is composed of railroad employees and their families, General Raupp said, and the remaining residents of the town are dependent on these families for their support. He believed the situation here so far as enforcement of law and order is concerned, is parallel to that in Herrin, Ill. He said the county and the town are thoroughly united in their sympathies and are not inclined to take any action in protecting strike breakers against the union.

CHAIRMAN OF WORLD WAR VETS

MINNEAPOLIS, Minn., July 6.—Jack Braden, New York, was elected national chairman of the World War Veterans which closed its annual convention here late today.

Emil Holmes was elected national secretary and a new executive committee named, consisting of Lawson McMillan, West Virginia; Earl McMillin, St. Louis; Leslie H. Hurt, Minneapolis; Edward McGuckin, Montana and Carl Parsons, Minneapolis.

SOCIALISTS TO WORK WITH GOVERNMENT

LONDON, July 6.—The Italian Socialist party and the confederation of labor, thru their representatives at a joint meeting at Genoa today, voted in favor of principle of collaboration with the Italian monarchy, says a Central News dispatch from Rome. A resolution in favor of communism, the message said, was defeated.

Mrs. Charles O'Donnell was a Thursday shopper from Winchester.

OPEN BIDS FOR 91 MILES OF NEW PAVEMENT

Springfield, Ill., July 6.—The division of highways today opened bids here for approximately 91 miles of pavement in sixteen counties of the state.

In addition bids were opened for 14 miles of heavy grading and eight bridges.

It probably will be several days before announcement is made of the successful bidders due to the desire of the division to check all bids to make sure the contractor has made no errors in his figures.

Several days ago the division of highways sent out notices to the contractors advising them to use the old freight rates as the basis for computing their bids instead of the new rates that became effective July 1. This insures uniformity in the freight rate competition and the division will refigure the bids on the basis of the ten percent freight rate reduction.

Completion of the work advertised for today will be another long step toward the 1000 miles promised the taxpayers this year by Governor Len Small. When today's letting is let it will mean 770 miles have been put under contract this year, leaving only 230 miles still to be advertised. The division of highways indicated this 230 miles would be advertised before the end of the year.

The following table shows the route, county and mileage of pavement for which bids were opened today:

State Bond	Approximate Length Miles

Grading bids opened today were on sections in Greene, Will, Clinton and Carroll counties.

Bridge sections were in McDonough, Greene, Effingham, Cumberland, Hamilton, Mason, Menard and McLean counties.

While the big gangs of workmen are laying pavement at many points of the state the division heads and engineers are busy making surveys, holding hearings on routings of roads to be built and doing thousands of other things preparatory to the opening of additional bids.

Most of the preliminary work has been done on Route 10 between Jacksonville and the Indiana state line opposite Danville. This route, it is expected will be completed next summer.

TAFT GETS DEGREE FROM CAMBRIDGE

Cambridge, England, July 6.—William Howard Taft added another title today to the long list of honors already acquired when Cambridge University, dear to Americans as a source of higher education, conferred upon the chief justice the degree of L. L. D. The ceremony occurred in the ancient senate hall of the university.

RELATIVE OF FRANCIS SCOTT KEY IS DEAD

Carbondale, Ill., July 6.—Miss Minerva Key, 87, whose husband was a nephew of Francis Scott Key, author of the Star Spangled Banner, was buried here today. She was a nurse during the civil war.

Miss Margaret McCormick of Chicago and Miss Agnes Kronin of Mt. Sterling are here visiting Mrs. Lee Deatherage who is a patient at Our Saviour's hospital.

Fashions for Fall

Advance fall models from Paris are mostly tailored frocks. Slide straps are shown on some, high collars on others. Fine French serge and tulle are used.

COOLIDGE TELLS COUNTRY'S NEEDS

(By The Associated Press)
FREDERICKSBURG, Va., July 6.—Vice President Coolidge speaking here tonight, declared "It is not a change that is needed in our constitution and laws so much as there is need of living in accordance with them."

Mr. Coolidge, who spoke at the inauguration of a campaign to purchase "Kenmore," the home of Betty Washington Lewis, the only sister of the first president and to preserve the house as a patriotic shrine, emphasized the value to America of such relics of the past declaring that "a people who worship at the shrine of true greatness will themselves be truly great."

Paying tribute to the great men produced by Virginia, the vice president declared "the eloquence of Patrick Henry, the confidence in the people of Thomas Jefferson, the inspired judgment of John Marshall, and the incomparable patriotism of George Washington will all be of no avail unless we shall make the necessary sacrifices to live up to the standard which they acclaimed."

BLOWING UP RAILROAD BRIDGES IN IRELAND

BELFAST, July 6.—Alarming news has been received from Carrick-on-Shannon, county Leitrim. A Mullingar dispatch to the Belfast Telegraph says that railway bridges and road bridges have been blown up in the vicinity of Carrick, making it impossible for traffic to proceed. A fight for possession of the barracks, which are in the hands of the regulars has been in progress for days. The shops have been closed for nearly a week and many residents have gone to county Sligo.

THREE KILLED BY EXPLOSION

LINCOLN, Neb., July 6.—The death tonight of Louis Smrz brought the number of fatalities in the bursting of a steam pipe in a crate creamery up to three. Two other men are at a local hospital seriously injured.

MT. EVEREST CLIMBERS IN GOOD HEALTH

LONDON.—Sir Francis Young, husband, president of the Royal Geographical Society, is authority for the statement that the expedition which was to attempt the conquest of Mount Everest had left Darjeeling at the end of March and had arrived at the mountain in good health and so far as the configuration of the mountain was concerned there remained no serious obstacles to oppose the climbers.

"But there still remains," he added, "the incalculable factor that may prove fatal to success" the debilitating effect of high altitudes on the human constitution.

We have sent out the hardest, pluckiest and most experienced mountaineers we can find. But can they, with all their courage and determination, skill and resource, successfully contend against the paralyzing lassitude, the ratification of the air beyond 23,000 feet is certain to produce. "Experience" the experience of these next few weeks alone can determine. The weakness is occasioned by the lessening quantity of oxygen in the thinning atmosphere. And to make up for this want of oxygen we have sent out special apparatus for the supply of the precious gas. Even this may not avail for the apparatus is heavy, and of necessity the climbers themselves must carry it.

And no one can say whether the advantage of breathing the oxygen will outweigh the drawback of having to carry the apparatus. With every condition favorable Sir Francis concluded, the task might prove beyond human capacity.

Mrs. Edgar Gibbs of Winchester was a shopper in the city from Winchester.

Miss Ida Norris has gone to Springfield for several days.

Miss Anna Green was a shopper from Arenzville yesterday.

L. E. Martin and family were visitors Thursday from Prentice. Miss Margaret Dunavan of Markham was a caller yesterday.

Cooks and Operates Like a Gas Range Makes Gas from Kerosene

Note the features. Really more of a Gas Range than an Oil Stove, is the Alcazar Kerosene Gas Cook. This stove does not burn oil off the wick as does the ordinary oil stove. The Alcazar burner mixes air with the kerosene and makes a gas. You burn the gas, not the oil. The gas makes a powerful blue flame which is concentrated directly on the cooking vessel where it is needed. The heat is not spread and partially lost as with the ordinary Oil or Coal Stove. It

all goes for cooking and baking. This means your cooking done quicker and less oil consumed. Also a cool kitchen in hot weather. Burning gas instead of oil insures a clean, sweet kitchen and a clean stove and pleasant cooking. You'll save money instead of burning it when you have the Alcazar Kerosene Gas Cook. You'll lighten your cooking tasks too and make things easier for yourself. Let us show you this stove. Note how well it is made—"A Beauty," you will say.

BIG DELEGATION TO MAKE MERDOSIA TRIP

C. of C. Directors Refer Preparations to Commercial Division—Two Added to Industrial Committee.

Arrangements for Jacksonville's participation in the Merdosia bridge opening was referred to the directors of the Chamber of Commerce at the meeting last night to the commercial division. It is the understanding that extensive preparations will be made for Jacksonville to do its full share in swelling the crowd on that important occasion. A drum corps will be secured to accompany the Jacksonville delegation. At the meeting last night the directors present were R. Y. Rowe, J. W. Merrigan, H. M. Capps, E. A. Brennan, W. E. Sullivan, Henry Frisch and John S. Hackett. The directors voted to add two members to the industrial committee, which is expected to function in an important way during coming months. O. F. Buffe and Louis Frank were the members chosen. Captain Wesley James of the local howitzer company was present and made a statement with reference to the need for recruits for the local military company before going to camp the week of August 23. A committee was named to meet with Capt. James for further discussion of the matter. Dollar day and a Fall Festival and some other proposals were given timely consideration.

RAIN RETARDS THE HARVEST IN WHEAT FIELDS OF COUNTRY

Proves to Be Both Friend and Foe, According to Location

(By The Associated Press)

WASHINGTON, July 6.—Rain which proved the farmers friend in some parts of the country was his foe in other sections during weather bureau reported today in its weekly weather and crop review.

Harvesting and threshing of grain was retarded by rains in the northeastern states and among uncut grain there was considerable lodging to rain and wind. Harvesting of winter wheat generally progressed satisfactorily in central and northern portions of the belt, and threshing made good progress in the southern portion and was started in the central section. The quality and yield of such wheat was reported as having been hurt by premature ripening in Missouri and the lower Ohio valley.

Additional moisture combined with cool weather, aided the spring wheat crop in the Dakotas. More rain is needed in the more western states, the review asserted.

Dry weather was reported doing great damage to the oats crop, practically throughout the whole region where the crop is grown.

The rains proved of great benefit to the corn crop, except in eastern Iowa and Missouri, northern Illinois and parts of the southeast, according to the reports. The temperature was favorable for growth in all sections, except in Minnesota and Wisconsin where warm weather was needed. Conditions were mostly favorable for cultivation and much corn has been laid by in central states.

UNION COLLEGE CLOSES CAMPAIGN FOR FUNDS

Dr. J. R. Harker of Illinois Woman's College received a telegram yesterday from Dr. J. W. Hancher announcing the successful completion of the campaign for \$375,000 made by Union College at Barbourville, Ky. The campaign closed July 4 and the total of pledges received was something more than \$452,000.

Dr. Hancher, who is director of college financial campaigns for the Methodist denomination, stated that all intensive developments for the summer are now closed with the exception of Hedding college relocation campaign, which is now on and due to close July 18. The people of Moline made a bid of \$800,000 to secure the removal of Hedding college from Abingdon to that city, and the campaign which is now in progress gives every indication of having a successful completion.

**Vacation Time--
 Accident Time**

Are you going to take a trip this summer? If so, beware of the accidents. From now on the papers will begin to chronicle the accidents, which will increase in number as the season goes on. Summer time, vacation time, always means more accidents.

A little, old accident policy costing a very few dollars, will give you a great big amount of satisfaction, in knowing that if something slips up on your blind side, your policy will pay the doctor, the hospital, and maybe the undertaker.

These policies cover any ordinary injury and can be bought for a short term or a long term, to cover your trip. A telephone call will bring you the information you want.

Marshal Wilson's Alleged Assassins

John O'Brien, 24 (left), and James Connolly are held in London as the assassins of Field Marshal Sir Henry Wilson, British military and political leader. Following the assassination, the pair were seized after a running gun battle with police.

MORGAN

Threshing started in this neighborhood last Friday afternoon. John Nash threshed for John Rake.

George Conlson was a business caller in Winchester last Wednesday.

Mrs. Charles Nergenah and son Harold and Mrs. Bert Hill were Jacksonville visitors last Thursday afternoon.

Mr. and Mrs. Irvin Conlson and daughter were Jacksonville shoppers Saturday afternoon.

Mr. and Mrs. Bert Hill and Mrs. Charles Nergenah were business visitors in Meredosia last Friday.

Miss Ada Robe spent from Thursday until Monday with her sister, Mrs. Edward Mier south of Bluffs.

Miss Gratia Bark of Sandwich Ill., is visiting at the home of her aunt, Mrs. Alfred Anderson.

NILWOOD

Wheat is now all in the shock and farmers are giving their time to hay making. The hay crop gives promise of being very good this season. Newton Shelton had 20 acres which made 37 1-2 bushels to the acre and which was sold at Girard at \$12 per ton. Wheat will make about 12 to 15 bushels to the acre.

William Alford threshed last week. His neighbor, John Braden, also threshed. These crops turned out about 15 bushels per acre.

Harry Wallis is baling hay and will finish the job this week.

Mrs. John Braden is in the hospital at Springfield and her condition is regarded as serious.

Miss Pauline Ludwig of Jacksonville is making an extended visit with her aunt, Mrs. May Shelton. While she missed the Fourth of July celebration at home, she had fireworks and a good time in the country.

Rev. Mr. Brooks, pastor of the Baptist church of Nilwood, called on the Shelton family one day this week.

The Baptist ladies had a missionary meeting Wednesday afternoon at the church in Nilwood with a large attendance. After the business session came a pleasant social hour and refreshments.

BUYS BIG ELI FOR CARNIVAL COMPANY

R. E. Pearson of Paris was in the city yesterday. He owns a carnival company which is now showing at Gibson City, Illinois.

Mr. Pearson was in the city to close a deal with the Eli Bridge Company for a fine new Ferris wheel. He stated that he has used several Eli wheels and that they are the best made, for the price.

SOME VERY FINE WHEAT
 Threshing has begun on the farm of William Thompson on the state road east of town. The wheat is one of the finest specimens ever produced in this county, the grain running from 20 to 32 bushels to the acre and A1 quality.

C. N. James of Ebenezer journeyed to town yesterday.

**CHAPIN COTERIE MET
 AT NICHOLS HOME**

Interesting Session Held at Home of Mrs. Otto Nichol Wednesday Afternoon—Other News From Chapin.

Chapin, July 6—"The Coterie" was delightfully entertained Wednesday afternoon, July 5th at the home of Mrs. Otto Nichol. There were sixteen members and a number of guests present.

Naming Sculptors in answer to roll call led to an animated discussion of art and artists, past and present.

Mrs. Arnette Acom read an interesting paper on "Cubists and Impressionistic Art" illustrated with copies of cubist paintings. Several Victrola numbers were enjoyed and a pleasant social hour followed, at which time delicious refreshments were served by the hostess.

Miss Hayden of Jacksonville was an out of town guest.

Mrs. Walter Woodward, W. H. Anderson and Byron Stone were among those who took advantage of the Wabash excursion rates and spent the 4th in Chicago.

Dr. and Mrs. Fred Eilers, Mr. and Mrs. Robert Clark and son; Mr. and Mrs. William Brownlow and Mrs. C. F. Duckett enjoyed a picnic supper at Nichols park on the 4th.

Miss Angie Joy is spending the week with Miss Helen Bates at Roodhouse.

Miss Ethel Austin and mother were among the Chapin visitors to Jacksonville for the 4th.

John Parks of Greenfield is spending the week with his grandparents, Mr. and Mrs. W. J. Williamson.

W. W. Holiday of Jacksonville was calling on Chapin relatives and friends Thursday.

C. B. and E. F. Joy shipped two car loads of fine young cattle to the Chicago market this week.

MR. AND MRS. G. B. ANDRE RETURN

Mr. and Mrs. G. B. Andre have returned from a somewhat extended trip which included the Kewanee gathering at Toronto, visits to the furniture markets at Chicago and Grand Rapids, also Detroit, Niagara Falls and Mackinac Island. At Port Colburn, on the Canadian side, they saw four mills with a daily capacity of fifteen thousand barrel of flour. It is supplied with electric power generated by the falls.

An interesting event in the journey was the ride on the fine passenger boat, "Missouri," which was the first one of its size to pass thru the Welland canal. There are 25 locks and a drop of 325 1-2 feet and fourteen hours is required for the trip. The boat was so large that there was but a few inches of space between the sides and ends of the lock and it had to be securely tied to be safe.

Mr. Andre said there seemed to be a decided improvement in business in both Grand Rapids and Chicago which was quite encouraging.

CATTLE JUDGING CONTEST

Today there is to be a unique contest on the C. C. Judy farms in the vicinity of Tallula. On those farms is probably the largest herd of Jersey cows in the state. There are probably a hundred and a lot of them are registered. Recently 22 merit thoroughbred cows were added from Tennessee and there are also a number of imported animals.

A superior bull, Majestic Defender, heads the herd. The judging is to be by pupils of the Smith-Hughes schools well known to dairymen. It is an enterprise calculated to educate boys in cow judging and cattle husbandry in general. There are eight in a class and the winner will receive a silver cup. A good many are expected.

BEARDSTOWN EDITOR HERE

Mr. and Mrs. L. G. Shaffer and three daughters, Misses Vivian, Catharine and Helen, came over to the city from Beardstown yesterday. Mr. Shaffer is editor of the Star in his city and is a wide awake, genial gentleman and gets out a first class paper. He is one of the leading citizens of the metropolis of western Cass.

The miners decided not to mine any coal this summer. That would produce a shortage this winter and, as a matter of fact, the mine owners and operators were satisfied to have it that way.

Now the President invites them to get together and of course they will. What's the use anyway? It all means that you will have higher priced coal. Now that this is attended to, you may save a few dimes or dollars to help pay for the coal and we're trying to help.

WEEKLY CROP REPORT FOR GREENE COUNTY

WHITE HALL, July 3.—Thrashing operations began last Thursday on the Edward Ross farm, immediately southeast of White Hall, but machine trouble and wet ground Saturday and Sunday did not enable work to get well under way until today. Frank Knapper also got under way with his outfit last Thursday in the High street neighborhood. The Davis outfit will be put in operation by the middle of the present week. As far as operations have proceeded, the yield will average around 20 bushels to the acre and mostly No. 3 on account of the effect of rust and chinch bugs.

The rainfall during the week ending today amounted to 1.10 inches, and vegetation has been vastly benefited. This precipitation occurred on the following dates: 28th, 0.46; 1st, 0.23; 2nd, 0.41; Dirt roads were muddy Sunday, but improved rapidly from the muddy condition, and are now in good condition. It is announced that the entire stretch of state roads between Belton and Carrollton will be put in service on the 15th inst., thus eliminating the present detour via Berdan in order to reach the county seat from White Hall.

Corn is in excellent condition, and potatoes are maturing splendidly as a result of the timely showers of the past week. The need of moisture may be more fully appreciated when it is realized that the total rainfall in June was only 1.95 inches, the least June total since 1863, when the total for that month was 0.89 inch. Other points report the June total to be the least on record, but White Hall has the oldest rainfall record in Central Illinois, dating from 1854.

Work shoes \$1.98. Hoppers.

NORTONVILLE

Earl Bends, Ralph Tribble, Dewey Bolton and Ray Johnson attended the show at Franklin Thursday night.

KILLING OFF MORTGAGES

By the Amortization Federal Farm Loan Plan

Farrell State Bank, Jacksonville, Ill., Meredosia State Bank, Meredosia, Ill., Wemple State Bank, Waverly, Ill., are to represent the Central Illinois Joint Stock Land Bank in this County.

Farmers everywhere are interested in the subject of farm mortgages, and in order to materially benefit the borrowers in this locality, we have secured the agency for this county, from The Central Illinois Joint Stock Land Bank of Greenville, and will represent them, solely, in this county.

The farmer who can borrow money, and so use it that he will be in easier circumstances on account of the debt, ought to borrow it, and if he can borrow money and make it produce more than it cost him to carry the debt, it is good business for him to borrow, providing that the time of payment is so far in advance that he is certain that he will never be cramped by the demands of the lender.

The Federal Farm Loan Act is a law, the intention of which is to make it possible for the land owners to make money, by borrowing money. Its intention is to place money within the reach of the farmer, or land owner, on such terms as to convert the farm mortgage into a source of profit.

AN EASY PLAN FOR LAND OWNERS

Only one kind of mortgage loan is permitted under the Federal Farm Loan Act, and that is one which is killed off, or extinguished, within the time for which the loan is made.

In a vast majority of cases, it is almost all the borrower can do to pay the interest, and perhaps a very small amount of the principal, which has resulted in his being obliged to renew the loan at the end of three or five years' time.

George Bolton and sons Dewey and Lee; Claude Starnes and Harry Fanning went to Meredosia on a fishing trip Saturday.

The sick are all some better except Mrs. Hungerford who shows no improvement.

Miss Ada Story accompanied her uncle Charles H. Story home Friday for a few days visit there and with other relatives.

A nice shower fell Friday night and Saturday morning greatly helping the gardens and corn, and wheat cutting is almost over in this section.

In many instances, the renewal of the loan has been difficult, and he has been caused untold worry, besides the expense of commissions, agents' fees, abstracting, title examination, etc.

All these conditions are changed for the land owner who takes out a loan under the Federal Farm Loan Act. He may take out the loan for a period of thirty-three years, and his loan is absolutely under his control, so far as payments are concerned.

After the lapse of five years, if he has idle money, and has no better use for it, he may pay off his mortgage, or any part thereof. If he is not able to save the money, or can find better use for same, he does not need to pay, except as required to meet the amortization payments. This gives the land owner, borrowing on this plan, the easiest form of mortgage financing ever known.

HOW DOES IT WORK?

This is perfectly easy to understand. The borrower applies through us for a farm loan, on this plan, and he gets exactly the amount he borrows, after furnishing evidence of good title and having his land appraised, and the expense incident to the latter is reduced to a minimum. These loans are for thirty-three years' time, which does not mean that the loan runs for thirty-three years and then falls due. They mature in thirty-three years, but never fall due, and are amortized, or killed off, by small payments every year.

In the borrowing of \$1,000.00,

the payments of interest would be at the rate of 6 per cent, and in addition, 1 per cent additional would be paid to amortize, or kill off the principal, making a total payment of 7 per cent per annum, or \$35.00 on each \$1,000.00 every six months, and by paying this sum for thirty-three years, it will not only carry the interest on the debt, but will completely pay off the principal, amortize and extinguish it.

BENEFITS OF AMORTIZATION

In the past, the lender has had control of the matter of payments. The borrower has been, in the scriptural sense, "The servant of the lender." Amortization changes all that. The borrower, for the first time, is given a chance to say what he wants, and when he borrows on this plan, he is not told that he can have the money for one or three years, or for five years, but we will make the loan for thirty-three years, and he to have the privilege of pre-payment at any time, after the lapse of five years, if he so desires. Any borrower can see at once that the amortized loan is so much better than the old-fashioned mortgage. Under this plan, he pays off gradually by paying only an amount equivalent to the current rate of interest, and the loan automatically dies, but never falls due.

ADVANTAGES

In rewriting your old loan, or obtaining your new loan on this plan,

(a) Cheap money.

(b) Absolutely no commission.

(c) No renewals.

(d) No stock subscriptions necessary, you get the full amount you borrow.

(e) No added responsibility in any way.

(f) No red tape delay.

(g) No worry about payment of principal, the mortgage eventually dies.

(h) The privilege of pre-payment, if desired, after

METHODS OF THRESHING

A short time since the writer was conversing with some elderly friends regarding antiquated methods of threshing. All had used the flail. This is tool in two parts. The first is like a straight fork handle and about thirty or thirty-five inches long is attached to it by a leather link so that the shorter piece swings loose and with this implement the operator pounds the heads of the grain on a threshing floor.

Then horses, and sometimes oxen, are used to tramp the grain. That is as old as grain itself as the Jews were commanded not

WELL KNOWN RESIDENT OF WHITE HALL DIES

Fred G. Barnwell Passed Away After Long Period of Illness—Other Items From White Hall and Vicinity.

White Hall, July 5.—The death of Fred G. Barnwell, well known as traveling representative of the Chicago Portrait Co., occurred in his home on Carrollton street at 1:30 p. m. Tuesday. He was a victim of tuberculosis, and for the past ten days his condition had been precarious. His age was 41 years. He is survived by a wife and two children, his wife being formerly Mrs. Blanche Bell of Belltown. The family reside at Belltown until coming into town a couple of years ago in order to be more accessible to means of travel and communication in connection with Mr. Barnwell's work.

The father of deceased, J. W. Barnwell, arrived from Metropolis several days ago. A brother W. C. Barnwell, is postmaster at Smithland, Ky., and he started for White Hall Tuesday evening. Two sisters, Miss Etta Barnwell and Mrs. Bessie Wraye, reside with the father at Metropolis.

Funeral services will be held in the Presbyterian church at 3 p. m. Tuesday, the discourse being delivered by Rev. W. W. Lewis, of the First Baptist church. The funeral will be in the White Hall cemetery.

Mr. Barnwell became a Baptist early in life in Kentucky. He was enrolled as a member of the Wendell men's class of the First Baptist Sunday school. He was a member of the I. O. O. F., which order will attend the funeral in a body.

News Notes.

W. H. Shirley has resigned as secretary of the White Hall Chautauqua Association, and the place has not been filled. He was an energetic secretary and has made a fine record on behalf of the first five years of this enterprise.

It transpires that one of the attractions at this year's session will be Governor Allen of Kansas.

Ralph Webster left today for Grand Rapids, Michigan, on a vacation of two weeks. This is his second vacation in the 12 years that he has been located in White Hall in association with his father in the variety store.

An immense grape crop seems to be assured for this season.

A tabulation of the storm damage in White Hall on June 13th last for government statistics places the amount at \$2,950. The principal losses are the White Hall Sewer Pipe and Stoneware Co., \$800.00, and the Illinois Telephone Co., \$1,000.00, the remainder are confined to minor losses of \$100 and less. Loss to crops and trees are not computed.

J. E. McAvoy has been awarded the contract to build the foundation for the addition to the First Baptist church, and the work is in progress.

Ray Barton and family are becoming comfortably domiciled in their new home on North Main street, a two story stucco structure that is an ornament to that important thoroughfare.

Mr. Barton is traveling representative of the Simmons Hardware Company, and the fact that he has built such a fine home is assurance that this excellent family is to permanently abide in White Hall. Mr. Barton recently discovered on his premises an ant hill that might be a credit to the mound builders of early times in miniature. Were it not for the fact that the ants actually inhabited the hill, there would be grave doubt of Mr. Barton's claim to possessing the largest ant hill.

TILDEN REACHES THE SEMI FINALS

Champion May Have Jap Player for Opponent in Finals Saturday—Jap is Playing in Top Form

INDIANAPOLIS, Ind., July 6.—William T. Tilden II, Philadelphia, world champion, will play Walter Westbrook, Detroit, and Zens Shimidzu, Japanese Davis Cup player, will meet Charles Garland, Jr., Pittsburgh, in the semi-final matches of the twelfth national senior clay court tennis championship singles as a result of victories today.

Westbrook and Shimidzu will play Friday and the other semi-final match will be played Saturday.

Wray Brown, of St. Louis, Washington University player, who was the surprise runner-up in the intercollegiate championship singles at Philadelphia last week, pushed Tilden the hardest he has been played during the tournament when he won the champion's service and led in the first set, four-three. Tilden's overhead drives, however, won the set, six-four. Brown again held Tilden 2-1 in the second set, when his lobbing and brilliant stroking weakened, and Tilden took the set and match, 6-2.

YANKEES TAKE TWO GAMES FROM CLEVELAND

NEW YORK, July 6.—Returning home from a long road trip, the New York Yankees made use of their bats, and twice defeated Cleveland 10 to 3 and 11 to 3.

Ruth's home run with the bases full in the third inning of the first game gave New York a comfortable lead. Meusel hit a home run, a triple, two doubles and two singles in the double header.

In the second game, a youngster from Juniata college was called in, in the sixth. It was his first big league opportunity and he struck out Ruth, the first man to face him. In the seventh Meusel and Hofman hit home runs, but he fanned Ruth again in the 8th.

YANKEES TO PLAY TIGERS AT ELI FIELD TODAY

The colored Tigers base ball team of this city will play the local Yankees at Eli field today. Both teams are in good condition and a good game is expected. The following is the Tigers lineup: Earl Carpenter, Ed Brannum, C. Edelen, J. Yates, C. Jackson, C. Wheeler, J. Blue, H. Johnson and G. Lynch. The Tigers publicity man did not say what positions the men would play. On Sunday the Tigers will play the Lynville team.

NEW YORK WON FROM PITTSBURGH

PITTSBURGH, July 6.—New York opened the western trip with a 6 to 3 victory over Pittsburgh today. Adams was hit hard and often while Nehf held the Pirates to five hits, Carey getting a double, triple and a home run. A sensational stop by Frisch was the fielding feature.

ROUGH SEAS STOP ROWING RACES

PEORIA, Ill., July 6.—Rough seas prevented Southwestern Rowing association oarsmen from winding up their two day regatta here today, only two of the scheduled five races being rowed. The St. Louis boat club nosed out the Peoria Ivy Club for a victory in the senior four race while the Central Club of St. Louis defeated a field of St. Louis clubs in the six oared barge race.

Three events will be run off tomorrow morning prior to the meeting of the central state association crews on Peoria Lake tomorrow afternoon.

The Detroit Boat Club holds a lead over the other nine clubs but tomorrow's race will decide the championship.

The summary: Senior four, one mile: St. Louis boat club, won; Peoria Ivy Club; second, Detroit, third. Time 6:30 1-5.

Senior six-oared barge: three quarter mile: St. Louis Central, won; St. Louis North End second; St. Louis Western, third. Time 4:20 1-5.

SWEETSTAKES WON BY NEDDA IN FAST TIME

Takes Sweepstakes for 2:05 Trotters in Fast Time—Other Races Also Interesting.

NORTH RANDALL, Cleveland, O., July 6.—Trotting one of the greatest heats ever witnessed at the North Randall track, Nedda, owned by the Hillandale Farm, Mamaroneck, N. Y., and driven by H. Fleming, won the trotting sweepstakes for 2:05 trotters, the feature of this grand circuit racing card today. Several close finishes marked the day's racing.

Getting away to a bad start in the first heat, Nedda, apparently out of it, gradually overtook her field, one of the fastest in training and trotted the distance in 2:02 3/4, three seconds faster than the time for the heat to win. She trotted the last three quarters in 1:30 1/2, the last half in 59 1/2 and the last quarter in 29 1/2 seconds.

Nedda got away in the second heat and held the lead all the way, withstanding the challenge of the field which was well bunched down the back stretch, and won it and the race easily. The time for the race was the fastest trotted this season.

With Nedda ruled out and E. Colorado withdrawn, Great Briton had no trouble annexing the third heat in 2:04 1/2. The time for the first two heats was 2:05 1/2 and 2:03 1/2.

The Fasig sweepstakes for three year old trotters was won by Alma Worth, owned by H. S. Brayson, of Washington, Pa., and driven by Lon McDonald of Indianapolis, in straight heats.

Four heats were necessary to decide the second division of the 2:21 trot which was captured by Bobbin. The first division will be decided tomorrow.

THE WHEAT MARKETBy Associated Press.
CHICAGO, July 6.—Indications
of greater likelihood that the
spring crop would beat the black
rust led to lower prices in the
wheat market today. Closing
quotations were unsettled, 1½
to 2¢ down, with September \$1.14½
to \$1.14½ and December \$1.17½
to \$1.17½. Corn and oats both
lost 1 to 1½¢ and provisions 5
to 10 cents.
No damage at all either by
weather or rust was reported
from the spring wheat belt, and
with consequent liquidating sales
in progress and a temporary
dearth of purchasing orders the
market showed much weakness
during the forenoon. There was

Henry Black, R. 8. 7-6-3falso some hedging pressure in
evidence and offerings of new
wheat to arrive were of fair
volume. After 4¢ decline from
yesterday's high point, enlarged
demand from exporters and mil-
lers changed sentiment somewhat
and there was a good deal of
covering on the part of short-
ing. Exports were said to be buying
cash wheat to apply on sales
made some time ago for July-
August shipment. It was current
gossip that the first evidence of
mills laying in liberal supplies
developed on today's decline in
wheat prices. Late upward turns
in the market were aided also by
settling of the European
wheat crop would be 12,000,000
bushels less than last year and by
announcement of 6,322,000 bush-
els decrease in the available
supply total.Rains in Iowa and Illinois were
a source of weakness in prices of
corn and oats, but export de-
mand for corn was more or less
of an offset. Besides, for the
first time in months, stocks of
oats were reported as less than at
the corresponding time last year.
Provisions were depressed by a
material increase of warehouse
supplies at western packing cen-
ters, the gain in meats being the
largest in fourteen years.CASH GRAIN

were firm on dark hard northern
and dark northern spring with
red and hard 1 to 1¢ better. Ship-
ping sales were 13,000 bushels.
There were sales of 100,000 bush-
els to go to stores.Corn was in good demand and
basis was 1¢ better. Shipping
sales were 250,000 bushels in-
cluding 200,000 bushels to ex-
porters, vessel room was chartered
for 750,000 bushels corn to
Buffalo and Georgian Bay.Oats were in good demand and
the trading basis was firm. Do-
mestic shipping sales were 100-
000 bushels.The first car of new rye from
an Illinois point sold at 87½¢,
or 2¢ over July price. It graded
Number 1 and weighed 58½
pounds, fully three pounds above
last year's.Cass inspected: Wheat, 34;

& TRUST CO., Administrator.STOCK MARKET
PRICES HIGHERBy Associated Press.
NEW YORK, July 6.—Prices
today's stock market tended
higher, except for Mexican oils,
which again were affected by re-
ports of adverse conditions in the
larger producing fields.
Relaxed money rates and the
more conciliatory attitude attrib-
uted to labor leaders in the rail-
way strike revived speculative in-
terest especially in transportation
stocks, which were stronger and
more active than at any time in
many weeks.
Final quotations for the lead-
ings transcontinentals, coalers
and trunk lines, particularly Ca-
nadian Pacific, Union Pacific, Il-
linois Central, New York Central
and Baltimore and Ohio were 2 to
almost 5 points over the previous
day's close.U. S. Steel rose 2½ points up
with American and Baldwin Lo-
comotive, Studebaker and the
popular coppers.Sales amounted to 850,000
shares.
Altho call loans rose to five per
cent in the market's later period,
practically all the day's funds
were placed at the opening rate
of 4½ per cent and 30 and 60 day
loans were freely offered at four
per cent.The one disquieting develop-
ment was the further collapse of
international exchanges. Sterling
reacted only slightly, but the
German mark fell to the lowest
quotation in its history here at
102½.A sweeping demand for Liberty
issues which resulted in many
new records for the year was the
outstanding feature of the bond
market.The new maximums were. Lib-
erty 2½s at \$100.64; First 4½s
at \$100.44; Second 4½s at \$100.24
and Fourth 4½s at \$100.44.In addition the First 4s and the
First-Second 4½s duplicated their
previous high prices of the year.
In a majority of the series, final
prices were under their best on
realizing sales.Total bond sales (par value)
aggregated \$15,735,000.

IN BUTTER MARKET

By Associated Press.

CHICAGO, July 6.—The lower
price level brought more buyers
to the market and caused the but-
ter market to show a firmer un-
dertone today. Trading was not
exceptionally active but stock on
the street was light and most
dealers held quite firmly to ask-
ing prices. Real time butter was
scarce and much of the 88 score
goods found outlets in speculative
and export channels. The supply
of cars centralized except 60
score was liberal and the market
was rather easy at current
prices. Ninety score cars were
firm at 36 cents.

New Catholic Foundation at University of Illinois Which Will Be Erected at Cost of \$1,000,000

Romanesque architecture—warm, picturesque, inviting—is followed in the plans for the new Catholic Foundation buildings to be erected at the University of Illinois, and for which a Million Dollar fund is now being raised all over Illinois by the Knights of Columbus, Catholic Knights of America, Catholic Order of Foresters and Ancient Order of Hibernians.

The five units are closely united, the idea of practicability being paramount in the mind of the architect, James M. White, supervising architect of the University of Illinois. When completed the group will form one of the most beautiful quadrangles in the country, an edifice which the state of Illinois can well be proud of.

The foundation will cover practically an entire block. In the view shown herewith the Chapel is shown in the left foreground, and the Social Center building on the right. Facing on the front court is the religious education building. The rear quadrangle comprises the dormitories and study rooms for men and women students.

The plan calls for an expenditure of approximately \$1,000,000, or about \$200,000 for each unit. It is proposed to erect the Social Center and Religious Education buildings first, to be followed immediately by the Chapel and then the dormitories. It will be so constructed as to provide for future growth of the University with the accompanying increase in attendance of Catholic students.

SOME INTERESTING PHOTOS ON DISPLAY

In the window of Armstrong's Drug Store on East State street, may be seen a number of interesting photographs. One of the most interesting was sent here by Wayne Gard, of Rangoon, Burma. It is a scene in Rangoon, and in the distance may be seen the sacred pagoda of Burma. In 1822, just a hundred years ago, the British were making their first invasion of Burma. The Burmese were kept from reconquering Rangoon by the fact that the pagoda was the main point in the British defense and they (the Burmese) were afraid to shoot at the pagoda, or shed blood on its precincts; as they regarded it as sacred. Aside from the historical interest the picture is a beautiful piece of photographic work, the shading and finishing being excellent.

The exhibit in the window also contains some beautiful scenes taken in France, one being taken at Chateau Thierry.

A number of good snapshots taken at the track meets this year will interest sport enthusiasts.

MARKHAM.

G. T. S. Club met last Thursday at the home of Mrs. Oliver Stout, three members absent, usual business followed by a reading by Mrs. S. P. Cleary which was greatly enjoyed by the members. The hostess served refreshments suitable for the weather.

Mrs. W. G. Wolfe was guest of the club.

As Mr. and Mrs. W. F. Wilard were returning from Jacksonville Saturday they were run into by a car of young people regardless of consequences, they drove on laughing.

The Friday Social Club held their meeting last week with Mrs. Chris Howard, anticipating a good time every member was on hand, and was not disappointed. The guest of the afternoon was Mrs. Ed Patterson. As usual everybody took a hand in the game of "Eats."

Mr. and Mrs. Charles Felows of Pekin spent Monday evening with W. G. Wolfe and family and Mr. Fellows and Mr. Wolfe are boyhood friends.

Frank O. Wolfe left Saturday for several days at Starved Rock.

PHYSICIAN SURPRISED

"Hearing of some good results from the use of Mayr's Wonderful Remedy I decided to try it on a chronic case of indigestion and gastritis I was interested in. After the first dose the patient was soon able to eat radishes and many things he had not eaten in years." It removes the catarrhal mucus from the intestinal tract, and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded at all druggists—Adv.

SIGN BREAKS WINDOWS

Two large plate glass windows fell before the onslaught of a huge sign that crashed to the walk in front of Lloyd's Shoes Tuesday. The damage is nearly complete to both of the large display windows on the east side.

BAD WEATHER PLAYS HOB AT WIMBLEDON

Cause Postponement of Matches—Mrs. Mallory Plays Mrs. Beamish Today—Suzanne Lenglen Still Showing the Way.

WIMBLEDON, Eng., July 6.—The atrocious weather is playing havoc with the tennis champions. It has delayed the finals, which were to have been played on Friday and Saturday and it is expected that the meet will continue until Wednesday.

Apart from the matches in which Suzanne Lenglen was partnered with Patrick O'Hara Wood in the mixed doubles, and Mrs. Mollie Birstedt Mallory and Miss Edith Sigourney met an English pair, the attractions were much less than on previous days.

Mrs. Mallory and Miss Sigourney met defeat at the hands of Mrs. Lambert Chambers and Mrs. Peacock, 6-2, 6-1. The score is regarded as hardly doing justice to the Americans, who won many rallies and played a close but losing game throughout. Mrs. Mallory played well, but appeared to be uncertain on back court work.

Miss Lenglen was in tip top form today, seemingly playing better than ever. She will meet Mrs. Peacock tomorrow in the her form of the past three days, semi-finals of the singles and on she would have an easy victory over the English woman. The French champion performed superbly today with O'Hara Wood, when they defeated G. Sherwell and Miss D. Kennis, Betty of England, 6-2, 6-1. Her volleying strokes and smashes equalled those of any first rate of either sex and her forehand driving was second only in speed to that of Wood.

She repeated later in the ladies doubles, with Elizabeth Ryan of California, when they defeated Mrs. Weston and Mrs. Welsh 6-0, 6-1.

Miss Ryan, who has opposed Miss Lenglen more often than any one else, expressed the opinion that the French woman is playing in wonderful style.

The semi-finals is remaining for the men's singles are J. B. Gilbert who will meet Randolph Lycett and J. O. Anderson, who will meet Gerald L. Patterson. Lycett's victory is looked for.

The Anderson-Patterson event is considered more open and to depend greatly on the condition of the surface and the speed of the court.

For the semi-final between Mrs. Mallory and Mrs. Beamish tomorrow the chances are considered in favor of the American, as it is generally conceded that Mrs. Mallory is a big occasion player.

The French representatives informed the Associated Press today that the chances are now ten to one that the French team will go to America for the Davis cup.
